To.

Chairman

University Grants Commission,

New Delhi.

Subject: Suggestions regarding conduct of Examinations and start of new Academic Session 2020-21 in the current scenario.

Respected Sir,

Akhil Bhartiya Rashtriya Shaikshik Mahasangh (ABRSM), a teacher's federation of more than ten lakh members, puts forth the following submissions for the consideration of the expert committee constituted by University Grant Commission (UGC) under your guidance to assess the impact of exam delay on the overall exam calendar of the Universities: -

- Current academic session-2019-20 should be extended by one month.
- 2. Summer vacation for the academic year 2019-2020 should be declared with immediate effect at least up to May 31, 2020.
- First preference be given to the completion of examinations for final semester/ year of 3. graduation and post-graduation after opening of HEI's.
- 4. The decision regarding method of conducting the examinations for other than final semester/year of graduation and post-graduation programme to be left to the universities, but Mass promotion should be strictly avoided as it will create numerous problems in future.
- 5. The proposed examinations should be of less duration than usual and may be conducted by administering question papers comprising of MCQs to be answered on OMR sheets to facilitate early results.
- 6. All competitive / admission tests for the forthcoming academic year to be conducted in the last week of June 2020 without waiting for the current year's results.
- 7. UGC may decide about the academic calendar of the forthcoming academic year-2020-2021, its duration and commencement of the 2020-21 calendar after we successfully sail through the current COVID crisis, for which present committee may be extended or a new committee may be formed.

With Kind Regards.

Yours Sincerely

(Prof. Pragnesh Shah) Vice President

HEW, ABRSM

(Dr Manoj Sinha) Secretary HEW, ABRSM
